## WINGS Online

WINGS Online will be saying goodbye in 2019-2020.

**Why?** Many popular browsers such as Chrome, Firefox, Explorer, Edge and Safari will no longer support the Adobe Flash Plugin.

If you see a recurring message to install the Adobe Flash Plugin, your browser may have already dropped this support.

Unfortunately, we cannot change or reverse the choices of these companies, so WINGS Online had to change.

**All current subscribers** to WINGS Online will be given access to WINGS Readalong for the remainder of their subscription period.

Many subscribers have already done this and loved the extra content that WINGS Readalong provides. So it's not all bad news.

We hope to see you enjoying your WINGS Readalong subscription in 2019.
